MEMORANDUM FOR: Chief/Operational Services, DD/P

Gordon:

I have just received the 1 February 1971 report on the status of proposed regulations out for coordination, information, or authentication.

I think we can agree that this report is the best we have seen and the delays are minimal. I would like to thank you for the effective manner in which you have tackled and eliminated the backlog of some months ago. I appreciate your understanding and cooperation in expediting the publication of our regulations.

John W. Coffey
